Re: Letter of Reference for Contaminant Control, Inc. (CCI)

To Whom It May Concern:

Shiel Sexton is a General Contractor that from time to time does construction projects with asbestos, lead, and/or mold issues. Over the last few years we have contracted with Contaminant Control, Inc. (CCI) to handle all of these issues. Their professional staff has always handled our environmental issues with expertise and safety while keeping us on schedule and within budget. I would recommend CCI for any environmental needs that you may have.

If you have any questions please feel free to contact me.

Sincerely,
