To Whom It May Concern:

We at Rolyn Companies, Inc. have been doing business with Contaminant Control, Inc. (CCI) for the past 4 years. Our line of work deals mostly with natural disasters as well as major restoration as a result from such. Response time, as well as completion time is always of the essence to get businesses up and running again. CCI has demonstrated this to us time after time with excellent safety conscious supervision and well trained workers. I feel very confident when they are on our projects and will gladly recommend their services to anyone.

Please feel free to contact me if you have other questions concerning CCI.

Sincerely,
